

# THK SUBMERSIBLE SEWAGE PUMP BF- SERIES

### Aluminium Zinc Plate

Provide extra resistance on salt corrosion and extend the lifetime of pump

## Key Features:

- Dependable laminated sheet of Si steel is adopted to motor, shaft and rotor are machining precisely to raise stability and efficiency of motor. Motor frame, shaft, screws are made of stainless steel to provide long service life and attractive appearance.
- Impeller is designed to special water flow, muddy liquid and other various wastewater can be efficiently drained.
- The product range is up to 15hp, dualSIC mechanical seals is built in (3hp and above).
- Inner cable wires and cable base are upgraded by filling EPOXY to raise humidity - resistance.
- Superior design to easily disassemble motor and pump housing for maintenance.

## Applications:

- Drainage of basement, food market and animal husbandry, water treatment of waste water plant, drainage of water refining tank and drainage of various industrial waste...etc.

Model	Output Hp (kw)	Discharge inch	Phase Ø	Pole	Head m	Capacity m³ /min	Free Passage mm	Length mm	Width mm	Height mm	Weight kg
