

FUTI WATER COOLING PADDLEWHEEL AERATOR

S.S SC-1.5 (2hp)

SS.SC 0.75 / SS.SC 1.5
STAINLESS STEEL MOTOR
(1HP / 2HP) 3PHS, 415V, 50HZ
WITH PLASTIC BEVEL GEAR REDUCER

S.S SC-0.75 (1hp)

Key Features:

- Stainless steel motor instead of cast iron motor is adopted, with high efficiency and enduring life span by efficient heat dissipation and corrosion resistant.
- Special design to suit aquaculture use, especially to seawater culture.
- Lower Risk on infiltration of water into motor.
- Plastic reducer is corrosion resistant, durable and immune to deterioration by exposure under sun.
